

TAIEX Workshop on Gender in Science and Innovation

Organised in co-operation with
the Mexican National Agency for Science and Technology
(CONACYT)

Funded by the Partnership Instrument

Venue:

CONACYT

Insurgentes Sur 1582

Crédito Constructor, Benito Juárez

Mexico City

15 – 16 May 2017

Partner country:

Mexico

Aim of the workshop:

The aim is to share practices on the way gender equality is taken into account in the European Union and in Mexico. The first day will offer an overview of the EU strategy for gender equality in Horizon 2020 and the European Research Area, with more detailed information on gender mainstreaming within research teams and gender equality plans in research organisations. On the second day, the experts and the audience will focus on the gender dimension in research and innovation content, monitoring and examples of EU projects and national initiatives, ending the workshop with a general discussion on the concrete steps that can be taken by the Mexican side. The ultimate goals are to assist in generating synergies among the relevant Mexican bodies and to strengthen links with their European counterparts.
